Bloomington Meadows Hospital Names New Chief Executive Officer

Bloomington, Indiana – December 11, 2023 – Bloomington Meadows Hospital is pleased to announce the appointment of Charlie Brooks, Ph.D., L.C.A.C to Chief Executive Officer, effective November 13, 2023. In this role, he will oversee all strategic, operational, and clinical initiative for the 78-bed behavioral health hospital serving children, adolescents, and adults.

Charlie brings 20 years of senior management experience to the position, having worked previously as Vice President for Community HealthLink where he served a multi-site substance use treatment division. Throughout his career he has held adjunct faculty positions for 17 years, serving as chair for doctoral learners and instructor for more than 100 courses.

“I am pleased and honored to join the Bloomington Meadows team,” said Charlie. “I’m excited to build upon the 30 years of service Bloomington Meadows Hospital brings to the state of Indiana and its dedicated employees. It’s such a pleasure to be part of Bloomington and the central Indiana communities that we serve. “

Charlie holds a doctorate degree in Psychology with a specialization in Industrial and Organizational Psychology and a Master of Psychology from Northcentral University. Additionally, he holds a Master of Science in Management and a bachelor’s in organizational management from Oakland City University.
